Focused and detail-oriented professional seeking a position in an organization that values digital communication and teamwork to provide excellent services. I bring a results-driven approach, along with ample experience and skills, aiming to foster growth and build a progressive career within a dedicated team.

## Work Experience

**Babtech Computers · Internship Oct 2023 - Present · Frontend Web Developer (On-site)**

- I take pride in guiding and empowering budding IT enthusiasts to confidently navigate the dynamic world of web development.
- Specializing in frontend technologies like React, HTML, CSS, JavaScript, and beyond.
- I curate and deliver comprehensive courses meticulously designed to instill practical expertise and cultivate a profound grasp of contemporary web development fundamentals.
- My role as an Instructor at Babtech Computer allows me to make a tangible impact by shaping the next generation of web developers. By fostering an environment of innovation, critical thinking, and hands-on learning, I aim to continue guiding and inspiring individuals to excel in the ever-evolving field of IT.
